

ARM SERIES HEAT TRANSFER MACHINES

Altena Machine Builders, Inc. has developed a line of heat transfer application machines for rolled label products. These "ARM Series" machines were designed and are manufactured by Altena Machine Builders, Inc. specifically for application of heat release transfer labels. These machines provide our customers with a consistent and precise label applications time after time. Machine controls are user friendly, easily adjusted and relatively maintenance free. The pneumatic system, with independent air regulators and flow control allow precise label application pressures. The sensor slide system adjust for use with almost all brands of transfer labels. The teachable single over/under sensor simplifies photo-mark identification and allows precise label location. Our exclusive tension system, large diameter bearing rollers and tape guide collar were designed to prevent transfer tape stretching, tearing and premature label separation. Change-over time for differing label sizes is accomplished in minutes. Required machine adjustments are simple. Maintenance is minimal with all vital areas completely accessible for your technician. Air requirement: 60psi. Power requirement: 110 volts: 9.5 amps/920 watts. 220 volts: 5.5 amps/850 watts.

Find out how easy it is to improve quality while increasing your production using our exciting line of quality ARM Series heat transfer label application machinery. Requests for custom modifications will always be welcome.

ARM 40 SERIES

User Friendly Controls

Teachable Over/Under Tape Sensor

Tape Sensor Slide System (Fully Adjustable)

Large Diameter Roller System (Bearing Mounted Rollers)

Optical Two-Hand Control Switches

PLC Logic Control System

Heating Block size (4" x 4")

Presser Heads - Interchangeable (Shaped dies)

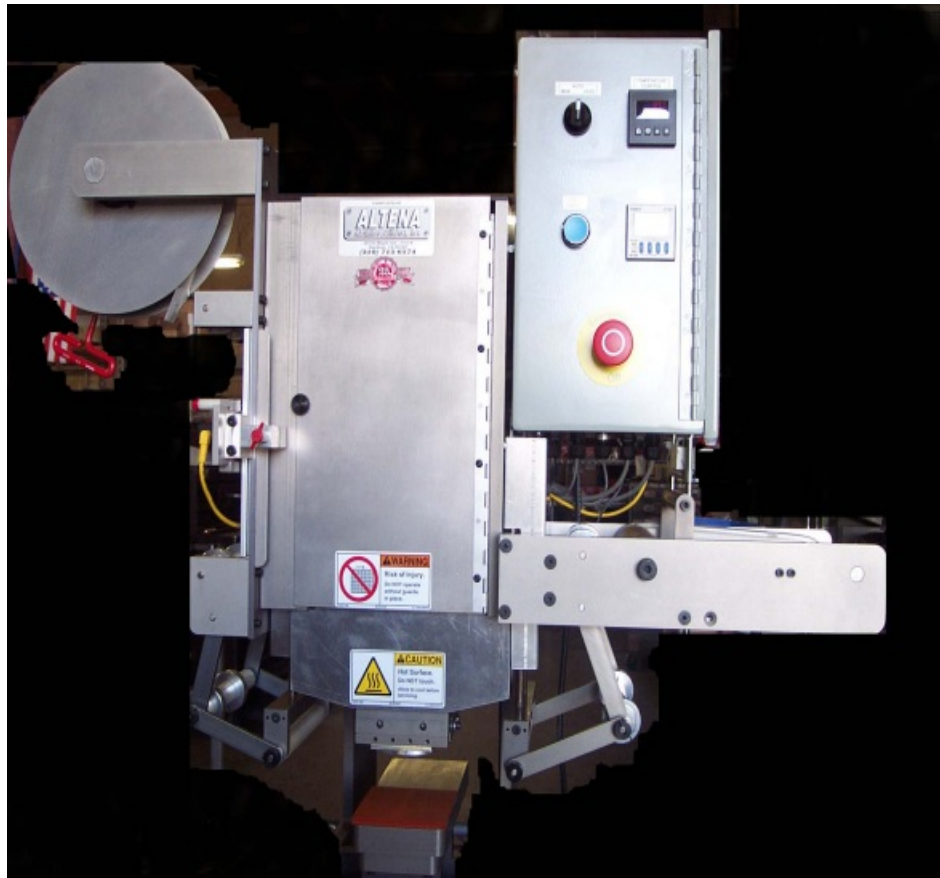

Fixed Lower Anvil Plate (With Silicon Rubber Pad)

Air Cylinder (2" br X 3" str)

Independent Air Regulators for Precise Label Application Pressures

DC Gear Motor Drive

110 or 220 volt
available

Options: *Laser Cross Generator, Counter, Stand-Along Wheeled Cart, Adjustable Spring Hold Down Clips, Additional Presser Heads, Garment Deck*
