

ARM - ADCM SERIES PIC 'N' PLACE MODULE

Our exclusive "PICK 'N' PLACE UNIT" for automatic feeding of "Die Cut Heat Transfer Labels".

Altena Machine Builders, Inc. has developed this reliable "PICK 'N' PLACE unit. This unit will integrate with either our ARM Series or our ADCM Series machine for automatic feeding and placement of cut heat transfer labels for application.

This PICK 'N' PLACE unit provides precise cut label placement! The unit will lift a label from the label magazine, move forward under the heating block and place the label in precisely the same location!

The PIC 'N' PLACE unit features a removable feed magazine which holds approximately 200-300 labels. The unit is completely adjustable for label sizes from .500" x .75" (12.5mm x 19mm) to a maximum of 4" x 4" (101mm x 101mm).
